- (b) For the avoidance of doubt:
 - (i) the obligation of Lender under Clause 3.1(a) shall be deemed as fulfilled only if the totality of Loan amount (minus eventual transfer fees permitted according to the following Clause 3.1(b)(ii)) has been credited (be it by a single or multiple payments meeting all the conditions stipulated sub alinea (ii) and (iii) of the Clause 3.1(a)) to the Borrower's account;
 - (ii) Loan disbursement is only permitted by an unconditional payment, without any deductions whatsoever except eventual Permitted cash transfer fees and cannot be withheld or subjected to any defense or set-off by Lender for any reason;

- (iii) any payments made by the Lender (A) from other than Lender's account, or (B) not marked/identified with Payment identifier, or (C) to other than Borrower's account, shall not be deemed as made under this Agreement. Without limiting the generality of the foregoing, such payments do not lead to discharge of the Lender's obligation under Clause 3.1(a) and Borrower shall return them, after deducting costs of such return (if any), without undue delay.
- (c) Lender is entitled to refrain from disbursing the Loan if, and for so long as, the LTV Ratio is less than 80%.
- (d) If the Lender fails to fulfill the obligation under Clause 3.1(a), the Borrower shall be entitled to, and the Lender undertakes to pay on demand of the Borrower, a contractual penalty (in czech *smluvní pokuta*) in the amount calculated as 0,15% of the Loan amount for every day of the period beginning on the first day following the Loan provision date (including) and ending on the day the obligation under Clause 3.1(a) is fulfilled (excluding) or this Agreement is terminated (excluding).
- (e) Save for the exceptions stipulated in the next sentence, Lender shall pay the penalty under Clause 3.1(d) notwithstanding the reasons for the failure to fulfill Lender's obligation under Clause 3.1(a). Lender shall not be liable only (i) in case of the transfer of Loan amount or any part thereof withheld, refused or rejected by the bank maintaining Borrower's account solely for the reasons pertaining to the Borrower's side, or (ii) if and to the extent that the failure to disburse the Loan is excusable by exercise of Lender's right under Clause 3.1(c).
- (f) Should, following the Escrow setup completion, Collateral be sent to the Borrower's address (as defined in the Collateral escrow rules) as a result of any procedure undertaken under Chapter IV. [LOAN DISBURSEMENT PROCEDURES] of Collateral escrow rules, this Agreement shall automatically terminate. For avoidance of doubt, this termination shall not preclude or otherwise prejudice rights of Borrower, if any, based on the breach of Lender's obligations under this Agreement prior to termination, including, but not limited to, right under Clause 3.1(d).

3.2 Repayment

- (a) Borrower accepts the Loan and undertakes to repay the Loan with interest to the Lender by payment (i) of the Amount due, (ii) from the Borrower's account, (iii) marked / identified with the Payment identifier, and (iv) credited (taking into account Clause 3.2(e) to the Lender's account on or before Maturity date.

- (c) Borrower acknowledges and agrees that interest payable to Lender under this Agreement is a fixed sum of Interest amount (calculated from the whole Loan amount using the Interest rate for the period starting on Loan provision date until Maturity date).
- (d) For the avoidance of doubt, the whole Interest amount will be due to Lender irrespective of the actual moment of (i) Loan disbursement (be it before, on, or after, the Loan provision date), and (ii) Loan repayment (be it before, on, or after, the Maturity date).

- (e) The amounts that Borrower owes under this Agreement are payable unconditionally and without any deduction whatsoever (including, without limitation, deduction based on grounds of any tax law applicable to Borrower) except eventual Permitted cash transfer fees deducted from the payment of Amount due and cannot be withheld or subjected to any defense or set-off by Borrower for any reason.

3.3 Prepayment

- (a) Borrower may prepay the outstanding Amount due, fully or partially, at any time before Maturity date. Any amounts so repaid may not be reborrowed. Premature repayment of Loan amount or any part thereof does not in any way reduce the Interest amount due to Lender under this Agreement.
- (b) Borrower acknowledges and agrees that:
 - (i) due to the design of Escrow, (A) partial (pre)payment of Amount due will not lead to release of Collateral nor any part thereof from Escrow environment, and (B) premature (pre)payment of Amount due may not, without additional steps undertaken by Parties, lead to release of Collateral nor any part thereof from Escrow environment before the Maturity date;
 - (ii) partial (pre)payment of Amount due shall not in any way affect the conditions under Article 4.6 [Maintaining LTV] or repayment of Amount due by Collateral under Article 5.2 [Repayment by collateral] in case the Event of LTV Default occurs.
- (c) Should any partial (pre)payment of Amount due be made, Borrower shall promptly record on, or otherwise notify, the Platform of such payment(s) along with supportive documents.

3.4 Partial payments

Lender will apply all payments received under this Agreement (i) first to the Interest amount, (ii) then the remainder, if any, to the repayment of principal Loan amount, (iii) then the remainder, if any, to the satisfaction of default interest owing under Clause 5.1(b)(ii)(B), and (iv) then the remainder, if any, to the satisfaction of any other claims under or in connection with this Agreement.

3.5 Expenses

Save for eventual transfer fees permitted under Clause 3.1(b)(ii), to be borne by Borrower and eventual transfer fees permitted under Clause 3.2(e), to be borne by Lender or such other exceptions as expressly agreed-on in this Agreement (including Collateral escrow rules), each Party shall bear its own expenses or costs incurred with regards to the Loan or otherwise in connection with this Agreement.

3.6 Currency

- (a) Any payments under this Agreement including, but not limited to, repayments of Amount due, shall be made in the currency that the Loan amount is denominated in.
- (b) If, for whatever reason, Lender receives a payment or it becomes necessary for the Lender (e.g. for the purposes of obtaining judgment) to make a claim for payment in any other currency, the respective obligation of Borrower shall be deemed fully discharged only when Lender receives the sum which, using exchange rate of service easily available to Lender as of

the receipt of payment and after deducting associated costs, fully satisfies such obligation denominated in the currency stipulated in preceding Clause (3.6(a)).

3.7 Change of bank account

- (a) Borrower may change the Borrower's account and Lender may change the Lender's account only in accordance with this Article (3.7) and respective definitions of these terms in Chapter II. of this Agreement.
- (b) The application for a change of bank account must be made through or otherwise with the Platform and supported by adequate explanation of underlying reasons. In order to review the application, the Platform may require additional explanations and provision of supportive documents from the applying Party and consult the application with the other Party.
- (c) If the Platform, in its sole discretion, deems the application substantiated, it shall inform the other Party about the change in an appropriate form (to be determined by the Platform in its sole discretion) and the change shall become effective as of the receipt of such information by the noticed Party.
- (d) After the change becomes effective, the applying Party will usually receive confirmation from the Platform that its application has been granted.

3.8 Performance in-kind

- (a) In cases and subject to conditions set out in this Agreement, Borrower has the right and, at the same time, is obliged to, repay the Amount due or all part thereof owing, instead of monetary payment contemplated in Article 3.2, by (Bitcoin) Collateral or defined part thereof.
- (b) For avoidance of doubt, if the right and obligation according to preceding Clause (3.8(a)) arise, Lender shall no longer be entitled to seek repayment of Amount due by monetary payment, unless the satisfaction of Lender by Collateral or any part thereof is precluded on legal grounds, including, but not limited to, due to or in connection with situation envisaged in the Clause 5.1(a)(iii).
- (c) Nothing in this Article (3.8) shall preclude or otherwise prejudice Lender's rights arising from, based upon, or otherwise connected with untrue, incorrect or misleading representations or warranties of Borrower under this Agreement.

IV. COLLATERAL AND ESCROW

4.1 Collateral

- (a) Performance of the Borrower under this Agreement, most notably payment of the Amount due, shall at all times be secured by Collateral.
- (b) Lender has no obligation to advance the Loan amount to Borrower until the occurrence of Escrow setup completion.

4.2 Escrow environment setup

- (a) In order to set-up the Escrow environment to the Escrow setup completion Borrower shall and undertakes to promptly make all necessary or advisable actions, mainly execute all actions of borrower as described in the respective guide (as revised from time to time) published on

the Platform and follow any other instructions published on or reasonably given by or through the Platform, including, but not limited to, using the dedicated software tool (app) provided by the Platform.

- (b) For the avoidance of doubt, obligation of Borrower under Clause 4.2(a) entails, among other actions, transfer of the Initial Collateral into Escrow environment.
- (c) If the Borrower (i) breaches the obligation under Clause 4.2(a), and (ii) as a consequence thereof, the Escrow setup completion will not occur at latest two (2) business days prior the Loan provision date, Lender shall be entitled to, and Borrower undertakes to pay on demand of the Lender, a contractual penalty (in czech *smluvní pokuta*) in the amount calculated as 5 % of the Loan amount.
- (d) Should the Escrow setup completion not occur at latest two (2) business days prior the Loan provision date, this Agreement shall automatically terminate unless Lender decides, in their own discretion, to execute payment necessary for Loan disbursement anyway an executes such payment at latest on Loan provision date. For the avoidance of doubt, this termination shall not preclude or otherwise prejudice rights of Lender, if any, based on the breach of Borrower's obligations under this Agreement prior to termination, including, but not limited to, the right under Clause 4.2(c).
- (e) For the avoidance of doubt, Escrow setup completion will not occur at latest two (2) business days prior the Loan provision date if the period beginning on the first day (including) following the day when the Escrow setup completion occurred and ending on the Loan provision date (including) encompasses less than two (2) business days.
- (f) In this Article (4.2) “business day” shall mean any day on which commercial banks are open to the public for general business (including money transfers) in Czech Republic.

4.3 Escrow

- (a) Escrow of the Collateral in the Escrow environment (hereinafter referred to as the “Escrow”) shall be governed by Collateral escrow rules.
- (b) Each of the Parties:
 - (i) acknowledges and agrees with the Collateral escrow rules;
 - (ii) hereby appoints the Platform to serve as the Payment Oracle and Price Oracle under the Collateral escrow rules;
 - (iii) shall, at all times within duration of Escrow, fully adhere to Collateral escrow rules.
- (c) For the avoidance of doubt, Escrow is an arrangement designed to safeguard a factual availability of Collateral for its rightful use as provided in this Agreement. Unless expressly stipulated in this Agreement, no action or inaction of Price - O or Payment – O with regards to Collateral or any part thereto, notably, but not limited to, signing of any Transaction (as defined in Collateral escrow rules), or factual consequences thereto (e.g. transfer of Collateral from one Bitcoin blockchain address to another) shall constitute, revoke, alter, prejudice or otherwise affect rights and obligation of Parties under this Agreement.

- (d) It is understood that the Platform will agree on assuming the role of Payment Oracle and Price Oracle under the Collateral escrow rules by prompting the Borrower to initiate and participating in the process of Escrow environment setup (as defined in Collateral escrow rules).
- (e) Without prejudice to Clause 5.2, the risk of loss (including, but not limited to, disappearance or appropriation) with regards to the Collateral is at the Borrower and passes to the Lender if, when, and to the extent that, Collateral is used for the satisfaction of Lender according to this Agreement. Lender shall have no duty of custody and preservation of the Collateral.

4.4 BTC transactions fees

- (a) Bitcoin Blockchain fees associated with the transfer of Initial Collateral to Escrow environment shall be borne by Borrower.
- (b) Appropriate Bitcoin Blockchain fees associated with the execution of respective Transactions (as defined in Collateral escrow rules) will be deducted directly from the Collateral.

4.5 Confirmation; presentation of documents

- (a) Upon fulfillment of the Lender's obligation under Clause 3.1(a) Borrower shall, in a manner prescribed by the Collateral escrow rules, promptly make the Borrower's confirmation (as defined in Collateral escrow rules).
- (b) Upon repayment of the Amount due Lender shall, in a manner prescribed by the Collateral escrow rules, promptly make the Lender's confirmation (as defined in Collateral escrow rules).
- (c) Without prejudice to obligations under (a) and (b) above it is responsibility of the respective Party to procure and present documents and, if applicable, undertake any actions and steps, necessary for the release of Collateral for its benefit from the Escrow.

4.6 Maintaining LTV

- (a) In order to avoid Event of LTV Default, it is on the Borrower to ensure that the LTV Ratio is at all times equal or less than Liquidation LTV.
- (b) To reduce the LTV Ratio, Borrower may, from time to time, transfer and deposit additional Collateral into the Escrow environment subject to and following the instructions reasonably given by or through the Platform, including, but not limited to, using the dedicated software tool (app) provided by the Platform.
- (c) For the avoidance of doubt:
 - (i) in the calculation formula of LTV Ratio, the Amount due parameter is always a fixed number, irrespective of eventual partial repayment;
 - (ii) any additional Bitcoin or any portion thereof shall be deemed as Collateral under this Agreement (and thus shall, without limitation, enter into the calculation of LTV Ratio) only if and upon the moment when, with regards to this additional collateral, all the conditions under Clause II.(c) of the Collateral escrow rules are met;
 - (iii) failure to ensure that LTV Ratio would not exceed Liquidation LTV leads to legal effects stipulated in this Agreement which, as acknowledged and agreed by Parties, represent the sole and adequate remedy (thus excluding, most notably, liability for damages).

- (d) Borrower acknowledges and agrees that:
- (i) occurrence of LTV Ratio exceeding Liquidation LTV:
 - (A) before the full repayment of Amount due is considered an Event of default [Clause 5.1] triggering repayment by Collateral [Clause 5.2];
 - (B) may, according to Collateral escrow rules, in some cases lead to the transfer of the Collateral from Escrow to Liquidation address (as defined in the Collateral escrow rules) even after the full repayment of Amount due;
 - (ii) Event of LTV Default occurs in the very moment TV Ratio exceeds Liquidation LTV;
 - (iii) Event of LTV Default may not be cured (i.e. once LTV Ratio exceeds Liquidation LTV, any subsequent lowering of LTV Ratio by additional Collateral or rise of Market BTC price shall, for the purposes of this Agreement, have no significance and be completely disregarded).
- (e) Lender shall have no obligation whatsoever (e.g. to remind, give notice or otherwise ask the Borrower to avoid impending Event of LTV Default) with respect to Clause 4.6(a) hereof.

4.7 Returning

- (a) If any Party, for any reason whatsoever, receives from the Escrow any Bitcoin or portion thereof (i) without the corresponding entitlement stemming from this Agreement or (ii) otherwise in contradiction with this Agreement (e.g. Collateral is sent to the Borrower's address (as defined in the Collateral escrow rules) despite the repayment by Collateral according to Clause 5.2), the receiving Party shall promptly transfer the amount of Bitcoin received (appropriate transaction fee may be deducted) to the other Party.
- (b) For the purposes of this Article (4.7) reception by, or transfer to (i) Borrower means reception on, or transfer to the Borrower's address (as defined in the Collateral escrow rules), and (ii) Lender means reception on, or transfer to the Liquidation address (as defined in the Collateral escrow rules) or to the Default address (as defined in the Collateral escrow rules).

V. DEFAULT

5.1 Event of default

- (a) It is an event of default under this Agreement if any of the following occurs (each hereinafter referred to as an “**Event of Default**”):
 - (i) the LTV Ratio exceeds the Liquidation LTV at any time before the Amount due is fully repaid (hereinafter referred to as the “**Event of LTV Default**”);
 - (ii) Borrower fails to pay the Amount due or any part thereof when due;
 - (iii) any representation or warranty of Borrower under this Agreement is, or becomes, untrue, incorrect or misleading.
- (b) Upon the occurrence of:

- (i) any Event of Default, the entire Amount due shall immediately, with no further notice or any other requirement, become (if not already) due and payable;
- and
- (ii) (A) the Event of LTV Default, repayment by Collateral according to Clause 5.2 will take place; or
 - (B) any Event of Default other than Event of LTV Default, default interest (in czech *úroky z prodlení*) in the rate of 15% p.a. shall be applicable on the unpaid Amount due or any unpaid portion thereof.
- (c) If (i) Event of Default other than Event of LTV Default occurs, and (ii) the Collateral is sent or according to Collateral escrow rules should have been sent from Escrow to the Default address (as defined in the Collateral escrow rules), distribution of Collateral as set out in Article 5.3 will take place.

5.2 Repayment by collateral

- (a) Upon the occurrence of Event of LTV Default, the Amount due shall be deemed to be fully repaid (by Borrower to Lender) by Collateral.
- (b) For avoidance of doubt, it shall be deemed that obligation of Borrower to repay the Amount due was satisfied, instead of provision of monetary performance, by a provision of Collateral (performance in-kind) [Article 3.8].
- (c) Lender shall promptly reimburse to Borrower all sums received by Lender as repayments of the Loan and interest under this Agreement (if any) after deducting costs of such return (if any).
- (d) Borrower acknowledges and agrees that reimbursement according to the preceding Clause (5.2(c)) shall be executed by a payment to the Borrower's account.
- (e) For the avoidance of doubt, this Article (5.2) applies irrespective of (i) the underlying cause for the occurrence of Event of LTV Default (i.e. Market BTC price drop and/or decrease in volume of Collateral, including due to the loss of Collateral or part thereof), and (ii) Collateral Market value (e.g. the Amount due shall be deemed to be fully repaid by the Borrower to the Lender even if, due to the loss or otherwise, there is no Collateral left).

5.3 Distribution of collateral

- (a) Distribution of collateral consists of:
 - (i) satisfaction of Lender by the Collateral used for repayment;
 - (ii) returning any remaining Collateral to Borrower,

as stipulated in this Article (5.3).
- (b) For the purposes of this Article (5.3) liquidation value of Collateral or any portion thereof shall be calculated as = Liquidation LTV * Collateral Market Value (or respective portion thereof) as of the moment Collateral will be sent from the last of the Collateral holding addresses to the Default address (as defined in the Collateral escrow rules). Parties acknowledge and agree that

discount (of 100 – Liquidation LTV %) vis-à-vis Collateral Market Value represents a reasonable and fair valuation of, and compensation of the Lender for, risks, uncertainties and estimated costs associated with the repayment of debt by collateral.

- (c) Upon the moment Collateral is credited from the last of Collateral holding addresses to the Default address (as defined in the Collateral escrow rules), Collateral will be automatically used as follows:
- (i) firstly, part of Collateral with liquidation value equal to the Amount due owing for the repayment of the Amount due owing;
 - (ii) secondly, part of Collateral with liquidation value equal to the amount of default interest owing under Clause 5.1(b)(ii)(B) for the satisfaction of default interest owing under Clause 5.1(b)(ii)(B)
- (portion of Collateral according to this Clause (5.3(c)) hereinafter referred to as the **“Collateral used for repayment”**).
- (d) For the avoidance of doubt, it shall be deemed that respective obligations of Borrower were satisfied, instead of provision of monetary performance, by a provision of Collateral used for repayment (performance in-kind) [Article 3.8].
- (e) Lender shall return all the remaining collateral [= Collateral credited from all of the Collateral holding addresses to the Default address (as defined in the Collateral escrow rules) - Collateral used for repayment], if any, to Borrower by a transfer to the Borrower's address (as defined in the Collateral escrow rules). Parties acknowledge and agree that returning under this Clause (5.3(e)) shall be executed through, and under conditions (including, but not limited to transfer fees deduction) laid-down in applicable Platform's rules for, the “Distribution escrow”.
- (f) Should the Collateral, for whatever reasons, stay on the Collateral holding addresses despite all the conditions for signing the “Transaction_default” as stipulated by Collateral escrow rules were met, then:
- (i) the effects set forth in the preceding Clause (5.3(c)) shall occur:
 - (A) upon the day stated in the notice by the Payment – O (made through the Platform or otherwise) to both Parties, stating that Payment – O is unable to send the Collateral to the Default address (as defined in the Collateral escrow rules);
 - (B) at latest on the first day following the last day when, according to Collateral escrow rules, Collateral should have been sent to the Default address;
 - (ii) liquidation value of Collateral or any portion thereof shall be calculated as = Liquidation LTV * Collateral Market Value (or respective portion thereof) as of at 18:00 (CET) on the day sub alinea (i) above;
 - (iii) Lender shall have the obligation under Clause 5.3(e) only with regards to Collateral or respective part thereof eventually credited to the Default address (if any) exceeding Collateral used for repayment;

- (c) Parties acknowledge and agree that:
- (i) ownership of Collateral retained under this Article (6.5) shall be valued at Liquidation LTV % of the Collateral Market Value as of the occurrence of Event of LTV Default;

- (d) Conditional upon the occurrence and effective as of the moment set out in Clause 6.5(a), the Platform transfers the ownership of Collateral, that has been and to the extent it has been transferred to the Platform, to Lender.
